Please tell us about your experience with your sales representative and your movers!

Luke was great to talk to. I was told I'd get a call to confirm my date. I never got that from the company. The drivers were excellent they called the day before with a time frame - when they were running late they called apologized and gave me a new time. They did a fantastic job - great guys.

We greatly appreciate you taking the time to comment on your overall experience with Worldwide Moving Systems, Inc. Thank You!

Feel free to call me about my move Y/N
