To Nationwide Van Lines

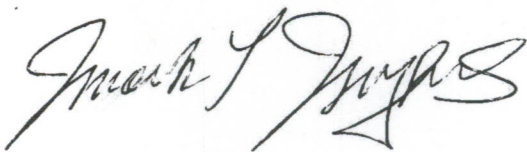

This is to acknowledge and applaud you for your great service and integrity.

I have used your services twice within the last year and was blown away by your courtesy, professionalism and quality of your staff and movers.

What impressed me most was that you adhered to the original agreement on pricing without any hint of extra charges. I believe many in my position have been duly warned about their possessions being held ransom for extra charges but your integrity and actions were outstanding.

Thanks again for a job very well done both times ...

Most Cordially:

A handwritten signature in black ink that reads "Mark L Myers". The signature is written in a cursive, flowing style.

Mark L Myers
