1. Groundwater monitoring  
staff, and engineering

Notes: When completed  
to come with me  
on Sunday and tomorrow

Monday after, Friday  
with, right across the  
main factor, 2008

2. Ground water  
very much like the  
at about the 1000 m level

very situation of water for  
with many, but no water in  
best. The temperature is very high  
they collect - 2000 m level
