My moving experience with Nationwide Van Lines, Inc. has been:

11:00am Other than truck issues that were out of the control of
the driver, so far so good. I will let my son complete
the balance of this form upon receipt of the delivery.
2:00pm - Update - Very efficient. Nice job of packing & packaging
items for the trip. Seemed to care about getting items packed in one
piece!

Feel free to call me about my move Y N
