Please tell us about your experience with your sales representative and your movers!

Rachael was very professional and a pleasure to work with. She had all the answers to my questions. The drivers arrived late - pick-up time was between 8:00am-noon. They arrived at 6pm. However, they were extremely hard workers and very efficient. They did a great job!

We greatly appreciate you taking the time to comment on your overall experience with Worldwide Moving Systems, Inc. Thank You!

Feel free to call me about my move ^{ON}
