Hollywood, FL 33314

Referral Letter

My moving experience with Nationwide Van Lines, Inc. has been:

pleasant. The foreman was good at explaining and the helper was quick and quiet. The only disappointment was the lack of ability to "hoist" from the second floor. Every other mover has not had an issue with moving furniture from into or out of the apartment. It would have been nice to know that in advance. The people, however, were great.

Feel free to call me about my move N
