Dear Racheal,

Just wanted to drop you a note to let you know everything has arrived in Winston-Salem. Racheal, I have to say this was one of the best business experiences I would rate on any top ten list. First of all, the ease of arranging the move on a last moments' notice was quite unexpected and it was truly a blessing when you took care of all the arrangements. I was able to travel without hesitation knowing that the pickup and delivery was in more than capable hands.

Kudos to the driver Amir! He safely got the belongings from New York to North Carolina. He stayed in touch from pickup until delivery.

I feel I got everything that was contracted for plus excellent customer service. The rates, the handling of arrangements to delivery the service was stellar!!!! Believe me, when Mom moves down in a year, you Racheal and Worldwide Moving Systems will be the only call we'll make.

Thanks for such an easy move and for the great customer service. May you always be blessed and walk in love.

Many thanks,
Lon Martin and Shen Pawlinski
