My moving experience with Nationwide Van Lines, Inc. has been:

Pleasant! Uzi and Tomel were very courteous and fun to be around. They accomplished their "Large" task while also making two new friends. They took great care in handling my furniture - some of which are antiques. Had is an amazing packer. His talents are certainly unparalleled. Tomel also saw the direction he needed to take to get the job done and help Uzi. It was an all day experience that did not feel like work!

Feel free to call me about my move I N
